2	Development of Cultural Geography 1. From ancient to renaissance period, 2. Development of modern geography, 3. Schools of cultural geography : (1) German school, (2) French school, (3) British School, (4) American School, (5) Indian School.	9-15
3.	Approaches to the Study of Cultural Geography 1. Historical approach, 2. Environmentalistic approach, 3. Possibilistic approach, 4. Ecological approach, 5. Spatial/Locational approach, 6. Behavioural approach, 7. Humanistic approach, 8. Welfare approach.	16-27
4.	Fundamental Concepts of Cultural Geography 1. Concept of culture, 2. Concept of acculturation, 3. Concept of cultural ecology, 4. Concept of cultural landscapes, 5. Concept of cultural diffusion, 6. Concept of cultural hearth, 7. Concept of cultural realm, 8. concept of culture area or region.	28-35
5.	Civilization and Culture 1. Meaning of culture, 2. characteristics of culture, 3. Material and non-material culture, 4. Culture and civilization, 5. Difference between civilization and culture, 6. Interrelation between civilization and culture, 7. Stages of cultural development.	36-41
6.	Cultural Change 1. Introduction, 2. Factors affecting cultural change, 3. Processes of cultural change : (1) Cultural conflict, (2) Cultural contact, (3) Cultural assimilation, (4) Cultural cooperation , 4. Globalization and cultural development : (1) The features of current globalization, (2) Cultural dimension of globalization.	42-51
7.	Bio-Physical Environment and Culture 1. Meaning of environment, 2. Elements of environment, 3. Relationship between bio-physical environment and man : (1) Spatial relationship, (2) Land-forms or topography, (3) Water bodies, (4) Climate, (5) Rocks and minerals, (6) Soils, (7) Natural vegetation, (8) Animal life, 4. Environmental perception.	52-69

- 8. Human Life in Major Natural Regions** **70-90**
1. Human life in equatorial forests, 2. Human life in tropical grasslands, 3. Human life in Monsoon regions, 4. Human life in dry regions (deserts), 5. Human life in temperate grasslands, 6. Human life in cold regions, 7. Human life in mountain regions.
- 9. Agricultural Practices** **91-101**
1. Origin of agriculture, 2. Types of agricultural practices : (1) Primitive agriculture, (2) Traditional intensive subsistence agriculture, (3) Modern commercial agriculture.
- 10. Origin and Evolution of Man** **102-106**
1. Homohabilis, 2. Java Man, 3. Peking Man, 4. Neanderthal man, 5. Cromagnon, 6. Modern man.
- 11. Human Races** **107-135**
1. Concept of race, 2. Physical traits of races, 3. Classification of human races, 4. Principal human races of the world : (1) Negroid races, (2) Caucasoid races, (3) Mongoloid races, 5. Zone and strata theory, 6. Racism and ethnic groups 7. Classification of Indian races.
- 12. Tribes of the World** **136-173**
1. Pigmies, 2. Semangs, 3. Sakais, 4. Boros, 5. Masais, 6. Kirghizs, 7. Bedawins, 8. Bushman 9. Eskimos, 10. Smaller Tribes : (1) Lapps, (2) Samoyeds, (3) Yukaghirs, (4) Chuckchis, and Koryaks, (5) Yakuts, (6) Tungus, (7) Red Indians, (8) Hottentots, (9) Aborigines (Aboriginals).
- 13. Indian Tribes** **174-208**
1. Distinctive features of tribal communities (Tribes), 2. Scheduled tribe population in India, 3. Geographical distribution of tribes in India : (1) The Gujjars, (2) The Bhotias, (3) The Tharus, (4) The Nagas, (5) The Khasis, (6) The Santhals, (7) The Gonds, (8) The Bhils, (9) The Todas.
- 14. Linguistic Patterns** **209-228**
1. Factors affecting evolution and development of languages, 2. Evolution and dispersal of languages, 3. Major linguistic families of the world : I. The Indo-European linguistic families, II. The Sino-Tibetan linguistic family, III. The Afro-Asiatic linguistic family, IV. The African linguistic family, V. Ural-Altai linguistic family, VI. Dravidian, Malayo-Palynesian linguistic family, 4. Major languages of India, 5. Major languages and linguistic regions of India.

- 15. Religious Patterns** **229-254**
1. Meaning of region, 2. Basic facts of religion, 3. Classifications of religions, 4. Major religions of the world : (1) Christianity, (2) Islam, (3) Hinduism, (4) Buddhism, (5) Judaism, (6) Chinese folk religion, (7) Shintoism, (8) Tribal religions, 5. Major Religions of India, 6. Demographic disparities in India according to religion.
- 16. Urbanization in the World and India** **255-281**
1. Concept of urbanization, 2. Indicators of urbanization, 3. Determinants of Urbanization, 4. Urbanization and socio-economic change, 5. Origin and growth of urbanization, 6. Pattern of urbanization in the world, 7. Main features of modern urbanization, 8. Trends of urbanization in India, 9. Regional pattern of urbanization in India, 10. Main characteristics of Indian urbanization. .
- 17. Cultural Diffusion** **282-297**
1. Meaning of cultural diffusion, 2. Elements of cultural diffusion, 3. Types of diffusion, 4. Diffusion wave, 5. The basic Hagerstrand model.
- 18. Cultural Hearths** **298-314**
1. Mesopotamian cultural hearth, 2. Egyptian cultural hearth, 3. Indian cultural hearth, 4. Chinese cultural hearth, 5. Aegean - Greek cultural hearth, 6. African-Sudan cultural hearth, 7. Central American cultural hearth, 8. Peru-Andean cultural hearth.
- 19. Cultural Realms of the World** **315-374**
1. Meaning of cultural realm, 2. Bases of delimitation of cultural realms, 3. Classification of cultural realms of the world, 4. Major cultural worlds, 5. Major cultural realms of the world : (1) North-West European cultural realm, (2) East European-Russian cultural realm, (3) Mediterranean cultural realm, (4) Anglo-American cultural realm, (5) Latin American cultural realm, (6) Dry Muslim cultural realm, (7) Negro-African cultural realm, (8) South Asian cultural realm, (9) East Asian cultural realm, (10) South-East Asian cultural realm, (11) Australian cultural realm, (12) Pacific cultural realm.
- 20. Cultural Regions of Asia** **375-414**
1. Meaning of cultural region, 2. Bases of delimitation of cultural regions, 3. Cultural regions of Asia : (1) Caucasus region, (2) West Asian region, (3) Arab region, (4) Mesopotamian region, (5) Iran-Afghanistan region, (6) Pakistani region, (7) Indian region, (8) Sinhali region, (9) Burmese-Thai-Indochinese region

(10) Malayan region, (11) Mongolian region, (12) Chinese region, (13) Korean region, (14) Japanese region, (15) Central Asian region, (16) Siberian region.

21. Cultural Regions of Europe 415-444

1. British Isles cultural region, 2. Norwegian cultural region, 3. Lowland cultural region, 4. German cultural region, 5. French cultural region, 6. Finland and Baltic cultural region, 7. Poland-Slovak cultural region, 8. Central European cultural region, 9. Russian cultural region, 10. Iberian cultural region, 11. Italian cultural region, 12. Yugoslav-Bulgarian cultural region. .

21. Cultural Regions of North America 445-453

1. Canadian cultural region, 2. Cultural region of the United States of America, 3. Mexican cultural region, 4. Central American cultural region, 5. West Indies and Caribbean cultural region.

Bibliography 454-467

Index 468-472
